on

MULTIMODAL TRANSPORT IN THE LEGAL REALITY OF TODAY

*Camera di Commercio Industria
Agricoltura e Artigianato*

*Viale Farini 14,
48100 Ravenna*

6-8 July 1996

The Multimodal Transport is the most recent evolution in the transportation of goods.

Ravenna has specific interest on this aspect of transportation for in its territory there are located the main factors of intermodality (port, interport, railway, haulage, airport, pipeline).

With this seminar the Chamber of Commerce of Ravenna intends to provide a forum where the legal and economic problems regarding transport can best be mastered and discussed.

This seminar has been organized with the cooperation and assistance of the Mediterranean Maritime Arbitration Association and the Italian Association of Maritime Law.
